Having experienced Joanne's talents first hand at a Somerford Camp last year I knew straight away I would be seeing her again. Joanne spent roughly half an hour with myself and my horse and straight away she picked up on messages from my horse and before long we were having a conversation. Sounds strange I know but I honestly can't explain it, I was absolutely amazed!!!

I can't wait to see Joanne again and have her reach out to all our horses.

These sessions will book up very quickly. Please contact PMRC or comment on this event to book a space. Helen xx
