## Note about Equine Influenza

Due to the continued outbreaks of equine flu, it is a condition of entering this year's show that you have an up to date flu vaccination.

*Horses must have been vaccinated to comply with the requirements of the primary course (1<sup>st</sup> vaccination and the 2<sup>nd</sup> vaccinations between 21 and 92 days later). Followed by the first booster (150 – 215 days) and all subsequent boosters. Horses may compete having received the primary course and prior to the 1<sup>st</sup> booster but not within 7 days of receiving a vaccine dose.*

Horses must have been vaccinated within 12 months before the show (1<sup>st</sup> September 2018) but not less than 7 days before the show (by the 24<sup>th</sup> August 2019).

Please ensure you have your horse's ID passport with you as these will be checked before you unload your horse.

We recommend that all trailers and boxes should be cleaned prior to attending the show to reduce the risk of spreading infection and you should also bring your own water and buckets.

If you cannot present your passport showing up to date vaccinations you may be asked to leave the show ground.

Thank you for your cooperation
