The Brooke #MYHACKATHON

THE PMRC TEAM CHALLENGE

As a team we will aim to ride 100 miles per team member in 100 days and raise a minimum of £100 per team member.

All miles each team member rides will be logged as a collective by PMRC and updates will be provided throughout as to where the team is up to. Only miles hacked will count so any schooling work/lessons/competitions will be excluded.

A Just giving page will be created by PMRC with a total target set of £100 for each team member.Team members will be listed and will have as much input as they want in to the content, including regular updates and pictures. We ask that each team member commits to sharing the page and raising as many funds as they can.

A Facebook messenger group and email group will be created for any team member wishing to join so progress can be shared along with any ride details any one is doing should any other team member wish to join them and just generally to help motivate each other and provide support where required. The messenger group and email group are both completely optional.

We will be starting the challenge on Saturday 27th April 2019 and completing on Sunday 4th August 2019.We will aim to have a social ride on the last day where hopefully as many team members will be able to attend as possible. All details will be agreed by the team once members have joined to ensure as many people can attend as possible.

You do not need to commit to riding on any date just that you will aim to complete your miles between these two dates. Some team members will be able to ride more than the 100 required whilst others may struggle. This is the beauty of us completing as a team so do not worry if you will not be able to complete all 100.

If you would like to join the team or would like to discuss in more detail please contact Kim Oliver by phone (07917154410), email (polemoorrc@gmail.com) or via Facebook messenger either directly or through the PMRC page.

For further details on the challenge and the work The Brooke do please see their web page https://www.thebrooke.org/get-involved/fundraise/find-an-event/myhackathon
